Since 2015, it has been possible to camp directly at the event site along the route.

To do so, order a camping ticket from the [Ticket-Shop](#) to access the camping area with a vehicle (plus tent or caravan or motorhome). The camping ticket includes admission for one person for the entire weekend. Accompanying persons can also purchase a camping companion ticket from the [Ticket-Shop](#).

Arrival is possible from 9 a.m. on Friday morning.

Toilets and showers are available on site, but portable toilets can also be ordered additionally.

Electricity is not available in the camping area. It is therefore advisable to bring your own power supply.

We constantly receive a lot of inquiries about accommodation or campsites near the Jade Race so that people can spend their vacation by the sea before or after the event. We have therefore compiled a list of contact details for some of the campsites in the surrounding area:
